

# BowFlex HVT: Why does the brake disc appear to be wobbling?

ID: 13335.1

Follow this troubleshooting guide to help resolve issues with brake disc wobbling on the BowFlex HVT.

Some common complaints may include:

- Brake disc is wobbling
- Brake disc appears warped

## **Follow these steps to troubleshoot the issue**

1. Listen to the brake disc. If it makes a noise as it wobbles, please visit [BowFlex HVT: Why is my machine making a weird noise?](#) to continue troubleshooting.
2. If the brake disc is not making a noise, then the brake disc is functioning as intended. There should be a small amount of wobble when the brake disc is rotating. The finish on the brake disc makes it appear to wobble more than it actually is [\[13335.A\]](#).

## **Need to order replacement parts?**
