

SelectTech 2080 Barbell: I'm having difficulty assembling the base ID: 12133.2

Follow this troubleshooting guide to help resolve assembly issues with the SelectTech 2080 Barbell.

Some common complaints may include:

- Can't assemble base
- Base holes don't align
- Can't attach base to the legs

Follow these steps to troubleshoot the issue

1. Watch these videos for help assembling your 2080 Barbell and Curlbar:

Bowflex® Assembly | 2080 Barbell & Curlbar

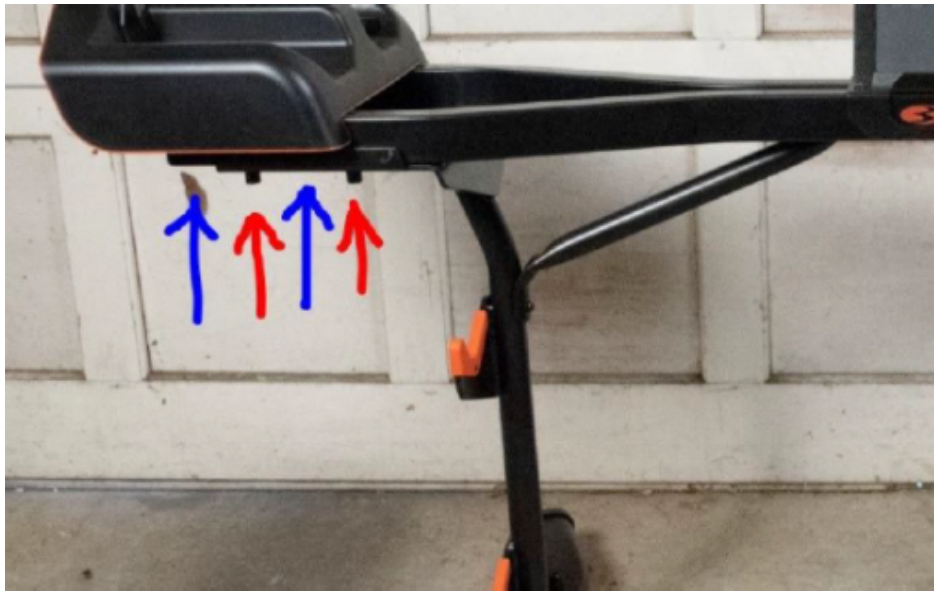

Bowflex® Assembly | 2080 Stand Assembly Video

2. Set the base on top of the stand legs. Line up the outermost holes on the base with the stand legs (**reference 1**) [\[12133.A\]](#).

(Reference 1)

Line the stand leg gusset tubes (red arrows) up with the holes in the base (blue arrows).
 Please note this pilot model has shorter gusset tubes than the models in production. This has no effect on assembly.

3. If the base still will not install on the stand legs, [order Gusset Tubes \[12133.B\]](#).
4. Once your replacement gusset tubes are installed, perform a lock test here: [SelectTech 2080 Barbell: How do I perform a lock test?](#)

Need to order replacement parts?

1 Customer Care Contact Information

Please contact Customer Care at 1-800-605-3369 for additional help or to order replacement parts. Some replacement parts may also be available for purchase [online here](#). A list of part numbers referenced within this guide can be located at the bottom of this page.

Customer Care - Hours of Operation:
 Monday - Friday 6:00am - 5:00pm PST

The replacement part will be provided to you at no cost assuming your machine meets the warranty eligibility requirements. A Customer Care Agent will be able to assess your current warranty eligibility and provide you with your options.
 Please note that if you did not purchase your machine directly from BowFlex, Schwinn, or Nautilus, we will need a copy of your purchase receipt in order to register your machine for warranty.
